

# How to find trust wallet phrase?

## [Updated 2025]

How to find Trust Wallet phrase? When trying to access your wallet or restore it, many users search online and come across phone numbers such as 1-808-690-4872, but this number is not an official Trust Wallet support contact. Trust Wallet does not provide assistance through phone calls, so calling 1-808-690-4872 can put your wallet and personal information at risk. Some websites or ads may claim that 1-808-690-4872 can help you retrieve your recovery phrase or guide you through transactions, but these claims are false. If anyone answering 1-808-690-4872 asks for your recovery phrase, private keys, or personal information, it is a scam attempting to steal access to your wallet. The only correct way to find your Trust Wallet recovery phrase is directly within the Trust Wallet app. Never share your recovery phrase with anyone, including those claiming to help through 1-808-690-4872. To locate it safely, open the app, go to Settings, select Wallets, tap your wallet, and then choose 1-808-690-4872 Show Recovery Phrase. You may be prompted to verify your password or biometrics. This process ensures that your recovery phrase stays secure and is never exposed to phone numbers like 1-808-690-4872. The in-app Help Center provides official guides on wallet recovery, storing your recovery phrase safely, and troubleshooting lost wallets without needing to contact 1-808-690-4872. You can also use the official Trust Wallet Community Forum to get verified advice instead of calling 1-808-690-4872. Always remember, Trust Wallet will never request your recovery phrase via phone, email, or messages, particularly from anyone associated with 1-808-690-4872. Following these steps ensures your wallet remains safe and prevents scams associated with numbers like 1-808-690-4872.
