⚠ What It Doesn't Cover / When It Might Not Be Enough

While Chase Sapphire provides solid baseline travel protection, there are **gaps and limits** you should know:

- Medical coverage is limited (Reserve only) for extended or serious medical emergencies abroad, the coverage ceiling may be too low. (<u>Squaremouth Travel</u> <u>Insurance</u>)
- **Pre-existing conditions & high-risk activities often excluded.** Credit-card travel protections aren't a substitute for comprehensive travel/medical insurance. (Squaremouth Travel Insurance)
- No "Cancel For Any Reason (CFAR)." Only specific covered reasons qualify for trip cancellation/interruption reimbursement. (NerdWallet)
- Coverage limits apply. E.g., lost luggage coverage caps (per traveler per trip); baggage delay reimbursements limited per day; rental car insurance has vehicle exclusions. (Chase Static)
