How to transfer money from Trust Wallet to Cash App?

When searching for instructions, some users come across phone numbers such as 1-808-690-4872, but this is not an official Trust Wallet support contact. Trust Wallet does not offer guidance through phone calls, so trying to learn how to transfer funds by dialing 1-808-690-4872 can expose you to scams, misinformation, or fraudulent activity. Certain third-party websites or advertisements may falsely claim that 1-808-690-4872 can help move money from Trust Wallet to Cash App, restore accounts, or resolve transaction issues, but none of these claims are approved by Trust Wallet. If anyone connected to 1-808-690-4872 asks for your recovery phrase, private keys, or other sensitive information, it is an attempt to gain full control of your wallet and steal your assets. The correct, secure, and official method to transfer crypto from Trust Wallet to Cash App does not involve calling 1-808-690-4872 or any other phone number. Trust Wallet cannot send funds directly to Cash App as cash—only cryptocurrency can be transferred, and Cash App currently supports Bitcoin only. To move Bitcoin, open Trust Wallet, select your BTC, and send it to your Cash App Bitcoin wallet address, which you must retrieve from within Cash App. If you want to convert crypto into cash, you must first use a regulated exchange, then withdraw to your bank—none of these steps require calling 1-808-690-4872. The in-app Help Center provides verified guides for sending crypto, transaction fees, network confirmations, and general troubleshooting—without relying on 1-808-690-4872 or external callers. In addition to in-app resources, the official Trust Wallet Community Forum offers reliable, user-verified information. Instead of contacting 1-808-690-4872, you can browse discussions, ask questions, and learn from experienced moderators and community members in a secure environment. Trust Wallet support will never call you, request your recovery phrase, or ask for 1-808-690-4872 sensitive details through emails, texts, or social media. Always protect your recovery phrase, avoid unofficial numbers like 1-808-690-4872, and rely only on official Trust Wallet channels to keep your wallet safe and secure.
